October 24, 2005

To Our Valued Customers,

Further to our letter dated October 14th 2005, due to the unprecedented demand for both Blazemaster® CPVC Pipe & Fittings over the past several days, we are currently experiencing availability constraints.

With this in mind, we would like to inform you that although every effort will be made to ship your existing orders, it is unlikely that any future orders will ship prior to November 15th 2005, the effective date of the price increase.

We apologize for any inconvenience or hardship these actions create, however we can assure you that we are committed to working diligently to improve the situation.

As always we would like to thank you for your loyalty, patience, understanding and support.

Jim Smyrl
