TYCO FIRE SUPPRESSION & BUILDING PRODUCTS INTRODUCES DRY-TYPE RESIDENTIAL SPRINKLERS *Sprinklers Are Industry First for Residential Applications*

LANSDALE, Pa. (June 25, 2010) — Tyco Fire Suppression & Building Product, a world leader in fire suppression technology and manufacturer of the RAPID RESPONSE Home Fire Sprinkler System, introduces the new Series LFII Dry-Type Residential Sprinklers.

The Series LFII Dry-Type Residential Sprinklers include the 4.9 K-factor Recessed Pendent, 4.9 K-factor Domed Concealed Pendent, and 4.4 K-factor Horizontal Sidewall and Recessed Horizontal Sidewall. The sprinklers are UL Listed and designed for use in residential occupancies per NFPA 13D, 13R, and 13. Each sprinkler has undergone special testing to meet UL1626 test criteria for dry pipe and preaction systems. These sprinklers can be installed in basements, garages, or on balconies of homes, apartments, dormitories, or hotels.

The dry-type sprinklers have a temperature rating of 155°F (68°C) and are available in natural brass, white polyester-coated, and chrome-plated finishes. The cover plate assembly, of the domed concealed model, has a slightly lower temperature rating of 139°F (59°C) and is available in chrome, signal white, pure white, and custom finishes.

To learn more about the Series LFII Dry-Type Residential Sprinklers, contact your local Tyco Fire Suppression & Building Products territory manager or visit www.tyco-fire.com.

About RAPID RESPONSE

RAPID RESPONSE is a regional brand of Tyco Fire Suppression & Building Products representing the most complete residential fire sprinkler system on the market today.
